A wonderful wife, mother and friend inspired MAE Fine Foods. Melinda Ann Elwell loved sweets and dreamed of opening a chocolate shop. She often joked that her shop would not be successful because she would give all the proceeds to her friends and favorite charities. She and her husband, along with their three children, enjoyed spending quality time in their kitchen, laughing as they enjoyed gourmet meals and delectable desserts. They were known for their generosity and love.

Mindy passed away in 2016, after a five-year battle against brain cancer. In memory of his strong and graceful bride, entrepreneur Rich Elwell embraced his creative energy to couple their family's packaging company with his wife's love of chocolate. Despite the Elwells' grief, MAE Fine Foods was born.

Today, MAE Fine Foods emerges as a family business rooted in the core values that guided Mindy's life: Passion, commitment, and quality.

MAE Fine Foods started its journey as an online corporate gifts provider, then quickly transitioned over to Food Service. Today we manufacture, 34 flavors of Chocolate Bonbons, 28 flavors of French Macarons, Chocolate Chunk Cookies and our new product, MAELOS.

MAELOS are a new plated dessert concept where the top is filled with a mousse and the bottom layer is a chocolate ganache. These give any hotel, resort, casino or restaurant to make a top quality and unique plated dessert with ease resulting in an upscale presentation.

While our focus is on Food Service business, we also have an ecom presence on our website, Amazon, and Walmart.com. This ecom business was derived from our small amenity food service packs for VIP, grab-n-go and amenity gifts.

MAE is large enough to handle any quantity yet small enough to react to any specific need. We are serviced nationwide by food service distributors.

Please contact us so we can service your needs or have one of our distributors assist you.
