World's Best

*World's Best*

# LIFE IS SWEET

For 40 years, the Albanese Family has been creating the World's Best Gummies and Chocolates. Albanese, now an innovator, manufacturer, retailer, and distributor, has grown into one of the largest confection brands in the USA. We pride ourselves on our relentless pursuit to produce the highest-quality, best-tasting, most innovative confections in the market.

Our World's Best Brand has established itself as one of the leading packaged confection brands in the USA. We pioneered the breakthrough in the flavor release of gelatin, so our gummies always deliver superior flavor and texture. Our fans know to look for the Gummi with the "A" on the Tummy™ wherever they go.

We support our retailers with a dedicated team of experts in retail, merchandising, and marketing in the confectionery business. When you place the World's Best on your shelves, you will be providing your customers with a consistent, superior product experience they will keep coming back to enjoy.

# Shipping & Claims

Based on your order, our Customer Service team will recommend the best shipping method to ensure the most efficient transit times and freight costs. All products are sold FOB Merrillville, IN 46410.

For questions, please contact us at [customerservice@albaneseconfectionery.com](mailto:customerservice@albaneseconfectionery.com).

## **FREIGHT GUIDE**

We have negotiated with many truck lines to different parts of the country. Please call to get the lowest rate. If for some reason you are not satisfied with the service of a particular carrier, please let us know. When possible, we will schedule a different carrier for your next order.

## **INSIDE DELIVERY AND LIFTGATE SERVICE**

Please let our Customer Service team know if you require inside delivery or liftgate delivery service so we can note your account accordingly. Additional charges may apply.

## **DELAYS**

Albanese Confectionery is not liable for delay of shipment due to natural disasters, shipping carrier delays that are caused by weather, labor disputes, refusal of package, and customer supplied incorrect shipping information.

## **WEATHER**

Albanese Confectionery is not responsible for melted products, but ensuring that you receive your order in excellent condition is our top priority. Albanese chocolates have the potential to melt at 70 degrees Fahrenheit and our gummies have the potential to melt at 90 degrees Fahrenheit, so our product may require special handling when the weather is warm where your order is being shipped.

On FOB Warehouse orders, to assure that your products arrive without melting, shipments may require expedited delivery, when requested, or a delay in shipping, depending upon how many days your package will be in transit.

We provide shipping materials when transporting products to warmer climates to ensure your products arrive in the best condition. Reasonably priced refrigerated carriers are also available. Please call for specific charges to your area.

## **REFUSED ORDERS**

Purchaser will be liable for a 20 percent restocking fee and the original shipping charge. If product is lost in returning to our company, purchaser is responsible for the full charge.

## **DAMAGE/SHORTAGE CLAIMS**

All goods leave our warehouse in new, well-packaged cartons that more than meet the carrier's specifications. It is the transportation company's responsibility to deliver them to you in good condition. When damage or loss does occur, we can help you collect claims, but all freight claims must be received within 48 hours from which the order is received and delivery receipt (Bill of Lading) should note damaged cases.

Deductions for shortages or damages will not be allowed unless the guidelines below are followed.

- Be sure to inspect your shipment before the driver leaves.
- Make sure to note any damages or shortages on the delivery receipt (*Bill of Lading*) before signing.
- Examine cartons for signs of damage or leakage.
- Please note if the tape on your shipment is broken or missing, if the product inside has been compromised, or if the master cases arrive wet, crushed, or appears to be tampered with in any way.
- Count the number of cartons received and compare with the number on the delivery receipt.
- If there is a shortage, write on the delivery receipt the number of cartons missing before the driver leaves.
- To help expedite the claims process, pictures of the damages may also be requested.

## **QUALITY CLAIMS**

The most generous in the industry! If for any reason you are not satisfied, please notify us within 10 business days after receipt. Our Claims Department will authorize your account for a credit or replacement item. No unauthorized deductions will be accepted. All returns must be approved through our Claims Department before the product can be returned to our warehouse. Deductions taken off payments for goods that were returned without an authorization from our Claims Department will not be honored.
